2. Learner requirements

Entry requirements

There are no entry requirements.

Minimum age

The minimum age for access to this qualification is **14** years.

Centres ought to satisfy themselves, however, that learners have a level of maturity appropriate for units included in the courses that they offer. If in doubt, please contact Open College Network West Midlands for advice.

Reasonable Adjustment and Special Considerations

Assessment within the Open College Network West Midlands Level 2 Award in Employability and Development Skills qualification is designed to be accessible and inclusive. The assessment methodology is appropriate and rigorous for individuals or groups of learners.

If you have learners with particular needs you should refer to the *Reasonable Adjustment and Special Considerations Policy*, available from Open College Network West Midlands. This gives clear guidance on the reasonable adjustments and arrangements that can be made to take account of disability or learning difficulty without compromising the achievement of the assessment criteria.

3. Achieving the qualification

Rules of combination

Centres are responsible for ensuring that learners are able to achieve the qualification for which they are aiming. Centres must ensure that the following rules of combination that apply to each qualification are met.

To be awarded the Open College Network West Midlands Level 2 Certificate in Employability and Development Skills, learners must achieve 15 credits. A minimum of 6 credits must be taken from Group A.

For a generic qualification, the remaining 9 credits may be taken from any combination of units from Groups A to I.

If a specific pathway is required, the remaining 9 credits must be taken from one of the Groups B to I.

This pathway will then show on the learner certificate, provided the pathway is selected at the time of registration.

Unit achievement

All of the assessment criteria in a unit must be met before the unit is deemed to be achieved. The unit achievement is not graded: units are either achieved or not achieved.

Recording achievement

You must record the learner's achievement of each unit on an appropriate form(s). You should record the learner's achievement against the specific units assessment criteria evidenced by the task.

5. Assessment

This qualification requires achievement of the specified units with no further requirements for additional/summative assessment. Achievement is therefore determined by successful completion of unit assessment. The assessment process is as follows:

- Assessments are internally set and approved at the centre by assessors, against the requirements detailed in the assessment criteria of the unit.
- The learners are assessed internally at the centre, using the assessments set.
- The resulting portfolios of assessed evidence are internally quality assured by an Internal Quality Assurer (IQA) at the centre.
- The portfolios of assessed evidence are quality assured either by an Open College Network West Midlands Quality Adviser (QA) or, for centres with Direct Claims Status, an Internal Quality Assurer (IQA) approved by Open College Network West Midlands.

Assessment methods

When delivering Open College Network West Midlands units and qualifications, centres may choose from a range of assessment methods. It is important that the most effective and appropriate methods are selected. We therefore strongly advise that all those involved in assessment and internal quality assurance of this qualification refer to the *Open College Network West Midlands Centre Handbook* and our *Assessment Methods* publication. These provide guidance on the range of assessment methods available and the types of evidence appropriate for each. These publications are available on our website www.opencollnet.org.uk.

It is important when devising assessments to differentiate between the assessment method (what the learner is asked to do) and the evidence (what the learner produces).

When designing any assessment method, tutors or assessors will need to consider the presentation of the assessment task to the learner to make it fair and accessible. Tutors or assessors may also need to consider arrangements for learners with particular learning difficulties and will need to be aware of Open College Network West Midlands' policy on reasonable adjustments.

All proposed assessment tasks must be checked and confirmed as appropriate, fair, valid and reliable by an appropriately qualified and experienced Internal Quality Assurer (IQA) before being issued to learners.
