1. About this qualification

The Open College Network West Midlands Level 4 Certificate in Education and Training provides an introduction to teaching and training in a variety of contexts. The qualification provides the knowledge and practical teaching skills to prepare individuals to work in a wide range of teaching contexts.

The unit ‘Understanding Roles, Responsibilities and Relationships in Education and Training’ (Level 3) is included in both the Level 3 Award and Level 4 Certificate. To support progression from one qualification to the other, exemptions of credit apply.

The units from the Level 3 Award in English for Literacy and Language Teaching and the Level 3 Award in Mathematics for Numeracy Teaching qualifications have also been included as optional credits. Individuals who have been awarded these qualifications can apply for exemptions for these units.

Trainee teachers who have achieved the Level 4 Certificate in Education and Training and who are progressing to an awarding organisation accredited Level 5 Diploma in Education and Training should have their prior achievement recognised. Recognition of prior learning (RPL) will apply between the mandatory credit from the Certificate and the unit ‘Teaching, Learning and Assessment in Education and Training’ for the Level 5 Diploma in Education and Training. They should not be required to present further evidence other than that required to demonstrate that their prior learning is at Level 4. All awarding organisations implement this process.

Trainee teachers who have achieved the Open College Network West Midlands Level 4 Certificate in Education and Training and who are progressing to HEI-accredited qualifications at Level 5 or above may have their Level 4 credit recognised in line with that HEI’s arrangements for the recognition of prior learning.

Objectives of the qualification

- individuals currently working as assessors who wish to achieve a teaching qualification.
It is a requirement that assessment of this qualification is conducted in English.

The Open College Network West Midlands Level 4 Certificate in Education and Training qualification is accredited by Ofqual.

5. Assessment

This qualification requires achievement of the specified units with no further requirements for additional/summative assessment. Achievement is therefore determined by successful completion of unit assessment. The assessment process is as follows:

- Assessments are internally set and approved at the centre by assessors, against the requirements detailed in the assessment criteria of the unit.
- The learners are assessed internally at the centre, using the assessments set.
- The resulting portfolios of assessed evidence are internally quality assured by an Internal Quality Assurer (IQA) at the centre.
- The portfolios of assessed evidence are quality assured either by an Open College Network West Midlands Quality Adviser (QA) or, for centres with Direct Claims Status, an Internal Quality Assurer (IQA) approved by Open College Network West Midlands.

Assessment methods

When delivering Open College Network West Midlands units and qualifications, centres may choose from a range of assessment methods. It is important that the most effective and appropriate methods are selected. We therefore strongly advise that all those involved in assessment and internal quality assurance of this qualification refer to the Open College Network West Midlands Centre Handbook and our Assessment Methods publication. These provide guidance on the range of assessment methods available and the types of evidence appropriate for each. These publications are available on our website www.opencollnet.org.uk.

It is important when devising assessments to differentiate between the assessment method (what the learner is asked to do) and the evidence (what the learner produces).
When designing any assessment method, tutors or assessors will need to consider the presentation of the assessment task to the learner to make it fair and accessible. Tutors or assessors may also need to consider arrangements for learners with particular learning difficulties and will need to be aware of Open College Network West Midlands’ policy on reasonable adjustments.

All proposed assessment tasks must be checked and confirmed as appropriate, fair, valid and reliable by an appropriately qualified and experienced Internal Quality Assurer (IQA) before being issued to learners.

**Practice requirement**

There is a requirement for a minimum of 30 hours of teaching practice for this qualification. There is no requirement to evidence working with groups of learners to achieve this qualification unless units are undertaken which specify that purpose. However, where trainee teachers are working solely with individuals, a programme may also include support and preparation for working with groups.

Effective teaching practice experience should ideally include:

- different teaching practice locations/settings/contexts;
- teaching across more than one level;
- teaching a variety of learners;
- teaching individuals and groups;
- experience of non-teaching roles; and
- gaining subject-specialist knowledge through workplace mentoring

**Observed and assessed practice requirements**

There must be a minimum of three observations totaling a minimum of three hours (this excludes any observed practice completed as part of the Level 3 Award in Education and Training). Any single observation must be a minimum of half an hour. Observations should be appropriately spaced throughout the whole programme and take into account a trainee teacher’s progress.

For the Education and Training units, practice must be in a teaching and learning environment. As stated above, there is a requirement for a minimum of three observations of practice. The three observations must be linked to the following mandatory units:

- Delivering Education and Training (Level 4)
• Assessing Learners in Education and Training (Level 4)
• Using Resources for Education and Training (Level 4)

Requirements for those delivering units and/or observing and assessing practice
All those delivering units and/or observing and assessing practice for the OCNWMR Level 4 Certificate in Education and Training (QCF) should have all of the following:

• a teaching or training qualification;
• evidence of relevant teaching experience in an education or training context;
• access to appropriate guidance and support; and
• on-going participation in related programme quality assurance processes.

There are additional requirements for those who assess the Learning and Development units.

Requirements for assessment of learning and development units
For some optional units taken from the Learning and Development qualifications, practice must be in a real work environment and in the appropriate context – with groups of learners or with individual learners. The number of hours of practice required and the number of hours to be observed and assessed are not specified for the Learning and Development units. These requirements are in addition to the observed and assessed practice requirements for the mandatory units identified below.

6. Offering the qualification
Centres wishing to deliver this qualification will need to demonstrate the ability to adhere to quality assurance and assessment regulations.

All procedures for the use of this qualification or units of this qualification, including approval, registration of learners, verification and certification will be completed through Open College Network West Midlands, who will have an identified officer to support your centre. If you have any queries or difficulties at any time you should contact the Open College Network West Midlands office on 01902 624230.

Approval to offer the qualification
Centres wishing to offer this qualification must note the requirements stipulated in Appendix A of this guide.

To gain approval to offer the qualification centres must submit an Approval to deliver an Open College Network West Midlands qualification and units of an Open College Network West
Midlands qualification form. This is available as a printable hard copy in Appendix B of this
guide. It is also available as an e-form on our website page for this qualification.

If you are an Open College Network West Midlands Recognised Centre and you wish to add
this qualification to your curriculum offer please also complete and submit an Open College
Network West Midlands New Course Notification Form. This is available to download from
here. The completed form should be forwarded to your Business Development Manager for
approval.

If you are not an Open College Network West Midlands Recognised Centre and you wish to
offer the qualification, you will need to apply for Centre Recognition with us. To start the
application process please email enquiries@opencollnet.org.uk or telephone 01902 624 239.

Standardisation

Standardisation is a process that promotes consistency in the understanding and application
of standards.

Standardisation:

- establishes statements on the standard of evidence required to meet the assessment
criteria for the units in Open College Network West Midlands qualifications;
- makes recommendations on assessment practice;
- produces advice and guidance for the assessment of units;
- identifies good practice in assessment.

It is a requirement of the centre recognition process that each centre offering units from Open
College Network West Midlands qualifications must contribute assessment materials and
learners’ evidence for standardisation if requested.

Open College Network West Midlands will notify centres of the required sample for
standardisation purposes. Assessment materials, learners’ evidence and tutor feedback will be
sent to Open College Network West Midlands by centres.

Outcomes from standardisation will be available to centres through Open College Network
West Midlands.

Support for centres

Open College Network West Midlands provide all of our centres with on-going support and
advice on the use of Open College Network West Midlands units and qualifications, including
the requirements for assessment.

If centres approved to offer Open College Network West Midlands units and qualifications
have obtained a UKPRN (UK Provider Reference Number) from the UKRLP (UK Register of
Learning Providers), this will be used as the centre reference number. If a centre has not
obtained a UKPRN they will be issued with a unique Open College Network West Midlands centre number.

Information about obtaining a Unique Learner Number (ULN) on behalf of the learners is included in the *Open College Network West Midlands Centre Handbook*.

**Centre responsibilities**

Each centre should identify a centre contact who will be responsible for Open College Network West Midlands provision within the centre.

The centre contact must ensure all procedures relating to the delivery of the qualification operate effectively in the centre.

The centre contact is the person responsible for confirming and ensuring that the centre meets all the Open College Network West Midlands requirements for centre recognition.

The centre contact is responsible for ensuring all relevant Open College Network West Midlands documentation is distributed as required within the centre and that the security requirements for external assessment are adhered to, where applicable.

The information provided in this qualification guide is accurate at the time of publication but is subject to change. Open College Network West Midlands will occasionally update qualification information, so please refer to the ‘Open College Network West Midlands Qualifications’ page of our website to view any updates, including qualification end dates and the latest versions of our qualification guides.
Appendix A – Requirements to offer this qualification

Those who assess this qualification must:

When designing any assessment method, tutors or assessors will need to consider the presentation of the assessment task to the learner to make it fair and accessible. Tutors or assessors may also need to consider arrangements for learners with particular learning difficulties and will need to be aware of Open College Network West Midlands’ policy on reasonable adjustments.

All proposed assessment tasks must be checked and confirmed as appropriate, fair, valid and reliable by an appropriately qualified and experienced internal verifier before being issued to learners.
Requirements for internal quality assurance

All those who are involved with the quality assurance of these qualifications internally must:
